Dear Matt:

It has been a pleasure working with Albanese Consulting. Your team of professionals did a wonderful job of assisting us through every step of our web site design and development. I cannot say enough about how happy we are with the finished product.

We were thoroughly impressed with your staff. Each of them worked hard to meet our needs. They were quick to provide suggestions and were always accessible. Even now after the completion of the project, they quickly respond to any questions that arise.

The site far exceeds our expectations. Each section of the site looks professional and can be easily navigated. Adding the REVEAL modules has allowed the staff in our office to easily maintain and update the site. Your staff did a wonderful job of walking us through each step of utilizing the modules. We love having the freedom to add documents and update sections of the site at our fingertips. Albanese did a fantastic job of designing a site that addressed every idea we envisioned.

Albanese Consulting will be the first on my list in recommending web consultants to any of our members. You made every effort to incorporate all of our ideas and still work within our budget. Thank you for all of your hard work. Please do not hesitate to use the Home Builders Association of Illinois as a reference for your potential customers.

Sincerely,

Nikki L. Sincavage
